Agarwal Packers and Movers Ltd embarks upon a Pioneering Journey through acquisition of 108 Smart Eicher Pro 2059 XP Vehicles

Updated: 24/01/2024

New Delhi, 24 Jan 2024: Agarwal Packers and Movers Ltd (APML), a leading name in the Indian relocation industry announced a significant leap forward in its commitment to providing top-notch services with the procurement of 108 new Eicher Pro 2059 XP smart vehicles from VE Commercial Vehicles Ltd (VECV), one of India's leading truck manufacturing company. APML has ambitious plans to continue to partner with Eicher for the acquisition of 540 vehicles in the year 2024 with the acquisition of 108 smart vehicles in every quarter. The auspicious day of the Shri Ram Pratisthapan Ceremony in Ayodhya witnessed this monumental step, reflecting the company's dedication to combining innovation, road safety, and tradition. By aligning this momentous occasion with a technological leap forward, the company aims to bridge the gap between tradition and modernity.

Mr. Ramesh Agarwal, CMD- APML shared his vision, saying, "As a company deeply rooted in tradition, we find inspiration in the divine blessings of Lord Rama. The Ram Pratisthapan Ceremony is a symbol of new beginnings, and our investment in cutting-edge technology echoes our commitment to evolving with the times while staying true to our core values."

APML considers this acquisition as a selfless effort to contribute to the nation by providing superior relocation services. The company's vision extends beyond business success to actively participating in the well-being and happiness of the people it serves. With a harmonious blend of tradition and modernity, the company is poised to continue its legacy of providing reliable, safe, and efficient moving services.

These newly acquired fully customized smart Eicher vehicles boast advanced features designed to elevate the moving experience for customers. With wooden flooring to balance and safeguard valuable goods from route jerks and jumps, along with enhanced outer lighting for road safety, Agarwal Packers and Movers Ltd. is setting a new standard for excellence in the relocation sector.

Mr. Agarwal shared his thoughts on this milestone achievement, saying, "Today is the momentous day for APML as we take a giant stride towards revolutionizing the relocation industry. Our commitment to safety, quality and customer satisfaction remains unwavering and these smart vehicles symbolize our dedication to embracing cutting-edge technology while upholding our traditional values."

Skilled Drivers for a Seamless Moving Experience

APML recognizes that the success of any relocation service lies in the expertise of its drivers. The company ensures that each of its smart vehicles will be operated by educated skilled drivers who are not only cautious of road incidents but will be provided with first aid training to handle any road mishap including taking the injured one to the nearby hospital. These drivers are given the challenge to complete 108 noble tasks in a year and the best drivers will be awarded with rewards. The company invest in continuous training and development to ensure that the drivers are well-equipped to handle any challenges that may arise during the transit process.

Wooden Flooring for Unparalleled Protection

One of the standout features of the newly acquired smart vehicle is the inclusion of wooden flooring. This innovative addition serves a dual purpose- not only does it offer a balance from unexpected jolts and bumps during the transit but also showcases APML's commitment to assuring the safety of customer's valuable belongings.

Enhanced Road Safety with Outer Lighting

Recognizing the paramount importance of road safety, Agarwal Packers and Movers Ltd. has equipped its smart vehicles with enhanced outer lighting. This feature ensures maximum visibility on the road, reducing the risk of accidents and enhancing overall safety for both the drivers and other commuters.

In the words of Mr. Agarwal, "Road safety is a shared responsibility, and we take our role seriously. The inclusion of advanced outer lighting in our vehicles is not just compliance with safety regulations but a proactive step towards ensuring the well-being of everyone on the road. We prioritize the safety

of our customers' goods and the community at large."
