Agarwal Movers Group is one of the most trusted and professionally-managed groups that have been contributing a lot in the growth of Indian economy by revolutionizing the Transportation and Logistics sector specifically. The group started its journey from Domestic Move Management Enterprise and prospered under the perfect guidance and vision of its leaders- Shri Ramesh Agarwal and Shri Rajender Agarwal, who took great pains to take the group to peerless heights. Agarwal Movers Group is an umbrella organization that encompasses the operations of various companies like Agarwal Packers and Movers Limited, APM Infrastructure Pvt. Ltd, APM Warehouse Pvt. Ltd., APM Highway Terminal Ltd., APM Air Cargo Terminal Services, APM Integrated Logistics, APM Home Storage and APM Car Carrier/Transportation.

As per a latest update, Agarwal Movers Group has invested around \$14 million into Trucking Cube which has been in Logistics and Transportation business for around 28 years. Within these 28 years of work experience in logistics and transportation industry, they have observed the problems faced by customers due to trans-shipment. Trucking Cube has a customer-centric approach in their services and as an outcome they build Trucking Cube as a permanent solution for trans-shipment as well as other transportation problems.

As per statistics the country sees a yearly damage of over 42,000 Cr. in transshipment due to surface logistics. Trucking Cube assures safe delivery of goods with zero transshipment, zero damage, zero loss to its household and commercial customers. This is what triggered the inflow of funds to Trucking Cube.

The funds that have been raised will be used to grow the ecosystem and the number of cubes from 2,000 to 10,000. Moreover, Agarwal Movers Group is looking forward to move its entire service to Trucking Cube by July 2016.
