Dear Abhishek,

Thanks a lot for all your help and support personally for the customs clearance. I also wish to express my thanks for the punctuality and the professional approach shown by your team in the delivery of my consignment although it was a public holiday in Bangalore on that day. Really appreciate your help and would most definitely put in a word and put you through my Administration head, Colonel Malhotra!

Could you guide me on how should I go about with my claim for the damage to the book rack - should I contact Arvin? Also have you heard back otherwise from Arvin re the missing carton?

Thanks!

Kind regards,  
Eric
