TO WHOM IT MAY CONCERN

This is to certify that Agarwal Packers and Movers Ltd has done a commendable job in packing and moving my household luggage from Secunderabad to Wellington (Nilgiris). The job was performed in the most professional manner right from the planning to the execution stage. Mr Francis Patrick has played a stellar role in organising the entire booking, packing and movement and needs to be complimented for the same. His positive outlook and professionalism ensured a tension free experience and he deserves all the credit for making our experience a memorable one.

I wish Agarwal Packers and movers and the entire team all the best in their future endeavour.
