Hi Abhishek/Arpan,

Many Thanks for the delivery of the shipment.

I recieved it yesterday morning and I must say that it has been handeld professionally and with care.

I nitially, I was skeptical about the handling of my goods as this was my first international consignment but I am pleasantly surprised with the way it was taken care.

Delivery guys were professional and very courteous. Also they assembled the big TV base ensuring no hassel for me.

I will surely recomend your service to my friends & colleagues and will spread good words in my personal and professional community.

Lastly, Million thanks for your professional service and you set a benchmark for your competitors.

Kind Regards,

Samir
