Dear team Agarwal,

I would like to thank the entire team from Agarwal who have ensured that my cargo movement went

smooth. The counterpart you are using in Singapore have done an excellent job in packaging, and the Indian

team were very cooperative courteous and passionate.

I was also impressed with the dedication of the loading and unloading boys and the unpacking team.

I wish your company all the best and you should be proud to have such a great team.

In the meanwhile please let me know the duty amount which I still owe you. I can arrange the same.

Tks/rgds
