Dear Geetanjali

I am delighted with the prompt and efficient service of your team. Noteworthy points are close communication regarding my shipment. detailed advise of the procedure involved, excellent support and guidance during the custom clearance and very reliable team. I wasn't around for the actual delivery to the residence, but I am assuming that all went well there as well.

Thanks again and I would certainly like to use your services should I need in the future.

Best Regards
Mudit
