Hello Team,  
First of all wish you and your family Happy New year.  
I have received consignment and would like to appreciate entire your team who has been involved for this shipment.  
You have been very professional throughout this process and especially packing team.  
One thing which I wanted to know that local dispatcher here has charged me 95 ADE for some inspection (receipt is due), can you please find out the details?

Thanks again.  
Regards;  
Piyush
