

APPRECIATION

Dear Mr. Krishna Singh

(krishna.singh@agarwalpackers.com)

It was pleasure giving my house shifting contract to your company Agarwal Packers .

It was unfortunate that my father had an heart attack a day before shifting but thanks to you and your team who gave me assurance that dates can be shifted as per my convenience . I could concentrate on my dad's health without any stress.

You and your team are the best , and highlights which touched my heart are given below :

1. You gave me flexibility of dates as my dad was in ICU .
2. You and your supervisors assigned called me to check about my fathers health and not even once bothered me by asking date for shifting .
3. You yourself had personally check if all fine or not .
4. The shifting by team was the best as they did every packing and unpacking without any hassle and best was with smiling face :-)

I work in a service industry too and I can stamp with guarantee that your company is the best and your workforce along with supervisors are asset to your company .

Your company has got permanent customer for life.

Hats off to you all and keep the good work !

Regards

Pratima
