Dear Ritu Wadhera,
Thank for your email.

I am very much satisfied by the service your company provided me with the cargo, In particular, I appreciate the personal interest you had taken in the whole affair. Thank you 'very much for your personal attention, Only problem was with your agents based in USA (Earth Relocation). They should have been more careful in demanding more money. They took their own time in refunding the excess payment, and I am not sure if \$37200, they refunded is all they should have refunded. Again for this refund, I thank you.

With best regards,
Surjeet Singh
