

## Agarwal Packers & Movers work towards reducing road accidents boosted: Receives ISO 39001:2012 certification

DELHI, December 8, 2014 /rushlane/--

This makes Agarwal Packers & Movers the first Indian household shifting business organisation to obtain certification, and puts APML on a higher pedestal for initiatives taken to reduce road accidents. This includes Driver Seva Kendra located at Dudu (Jaipur-Kishangarh national highway) in Rajasthan. APML Group is setting new standards in road safety measures.

**Agarwal Packers & Movers Ltd. is the First Company in India to Get ISO 39001:2012 in Household Shifting Segment**

Through 2014, Agarwal Movers Group has taken up varied management objectives to improve safety performance during road dispatch of household goods. ISO: 39001:2012

certification accreditation provides assurance to customers and stakeholders of precautions undertaken by APML for safety when dispatching household goods by road across India. Safety of humans who deliver goods to a destination is important to APML.

Ramesh Agarwal, Group Chairman says AMPL views road safety seriously as each life is important, and our responsibility too. AMPL has planned an IPO slated to hit the market by April 2016. Preparations are being made, and IPO proceeds will be used for capacity expansion and working capital requirements.
