Dear Sir,

APPRECIATION FOR THE SERVICES PROVIDED ON RELOCATION

I used the services of Agarwal Movers and Packers Ltd. for relocating my household goods from Hyderabad to Kurukshetra, Haryana on 10th of February, 2013. I express complete satisfaction for the services provided by your company. The packaging of goods was very good and the material used was also of very good quality.

I specially thank to Mr. Francis Patrick, executive of your company for his support. He not only explained the services in detail before booking the deal but fulfilled all the commitments also after booking the deal. He personally followed up and supervised the execution of the services and followed up the goods during transit also and kept us updated. It was a complete tension free experience and credit goes to Mr. Francis Patrick.

All the best to the staff members who supported us during our shifting.

Yours' sincerely

(Saurabh Kumar)
