Dear Mukesh,

Thank you for the shipment and i really like your companies services and yes i can vouch for the professionalism that you and all the employees showed during the entire process. It was up to the mark and delivered as expected. I will advocate others as well to take your services. It definitely is worth it. Like I said then before i received the shipment i have moved to Qatar so I was not able to provide you my feed back of the service.

Now i am in Qatar, I am looking to bring some things from Hyderabad, India to Doha, Qatar. Not as many as from Dubai to Hyderabad but a few essential House hold things. Kindly let me know how would you proceed with it. I need a quote. I am coming to India on 17th July and will be in Hyderabad till 24th July. If you can see the things in this week the package can be done when i come over there between 17 to 24.

Regards,
Mushtaq
