Agarwal Movers Group Opens its First International Office in Singapore

Agarwal Packers and Movers Ltd (APML), India's leading relocation company opened its first international office in Singapore this month. The Singapore office would facilitate relocation of homes from the country across the globe and support inbound relocations too. Agarwal Packers and Movers Ltd. will also be doing local moves within Singapore as well. Their Singapore operations would be spearheaded by Abhishek Raj Singh who has been with the group for the last seven years presiding the International Division.

“In India we have proven ourselves, the brand stands for quality, out of box thinking and providing customer delight. Singapore packing and moving industry market is about 1000 crore (150 million USD). We see our brand gaining immediate acceptance in being the chosen packer and mover brand in the county,” said Mr Ramesh Agarwal, Chairman and Managing Director Agarwal Movers Group.

APML have been in the relocation space since the last 28 years. In India the brand being the leader has moved 85,000 homes locally and 1000 internationally in 2015-16. The brand provides door-to-door services from India-to 182 countries and vice versa where it works through its partner network.

How does the relocation brand provide the global service– The customer makes a booking with Agarwal Packers and Movers Ltd who works with its partner arranging a service at the destination. The partner packs and moves the goods till the port. The shipping lines bring the goods to India or to Singapore where Agarwal Packers and Movers will take the responsibility of the destination services which include custom clearance, unpacking, setting up the home in the destination country.
