I appreciate the support extended by Agarwal Packers and Movers for my shipment from Navi Mumbai to Abu Dhabi, in particular the services of Ms. Janhvi and Mr. Sanesh.

Sanesh demonstrated his leadership abilities in ensuring with his team that each and every deliverable was properly and safely packed and transported.

I was kept up to date with the shipment status by Janhvi, who used to put in an update email almost everyday.

The packing team was very professional. I would like to appreciate their expertise, though I could not get their names.

I also approve of the fact that Agarwal Packers and Movers liaised with one of the best courier services, DHL, for the door delivery of my shipment in Abu Dhabi.

All in all, a great experience with Agarwal Packers and Movers, which will be recommended by me to my acquaintances who may require such services in the future.

Best Regards
