Dear Abhishek,

We have moved in to the apartment last night itself and the apartment was fully setup by your team including the unpacking and fixing of all furniture. Great job! Well done and great teamwork. We were kept updated and fully informed of the consignment once the container reached ICD-Hyderabad. We appreciate the good work done by Abhishek, Manish and other team members for making this relocation peaceful and with no worries.

Once again many thanks to Agarwal Packers & Movers for having provided us such a team to make our relocation smooth and worry free.

Kind Regards,

Riaz
