Hello Sanjay/Sravanthi,

I want to inform you both that the container was unloaded on September 10th at our house and all the heavy furniture was unpacked and looked in good condition.

I want to thank you for all the coordination and your staff that packed and loaded the goods. Please let me know if you want any referrals and I will be glad to talk good things about you and your team.

Also, can you please tell me how many days do I have to claim any insurance if any so that I can finish unpacking all the boxes at the earliest.

Regards,
Saikrishna Arcot
