to me

Dear Sriparna and Joydeep

Apologies for the delay in providing feedback my internet is not functioning very well.

I wish to place on record the very satisfactory services provided by Agarwal Packers & Movers during the period following the arrival of my goods from London.

Both Sriparna & Joydeep who were coordinating with me regarding the logistics, customs documentation & clearance including transportation and delivery to my residence are very responsible persons and provided their services , guidance and advices with warmth and consideration.

I would recommend Agarwals for their handling of international customers and would take this opportunity for thanking their staff for the coordination and consideration for their customers.

Thanks & Kind Regards

Monica Dutta
