Dear Sir,

I came to know that u r GM of this company. Incase not then please forward this email to ur General Manager.

As u may know that I engaged ur company to move my stuff from Singapore to New Delhi and today I received all my stuff today in good condition barring few damaged crockery items.

I really appreciate Geetanjali's hard and perseverance, initially I was unsure about this company but she convinced me and guided me at every steps in this journey. She is really a professional and an asset for your company. Mr Viki was also very helpful in getting custom clearance process done for me and ensured safe delivery of our goods at our place. Thank you for your company's services and your team's kind cooperation.

Best regards
Jayant
